PROTOCOLS FOR CHILDREN, FAMILIES, GROUPS

CONDITIONS

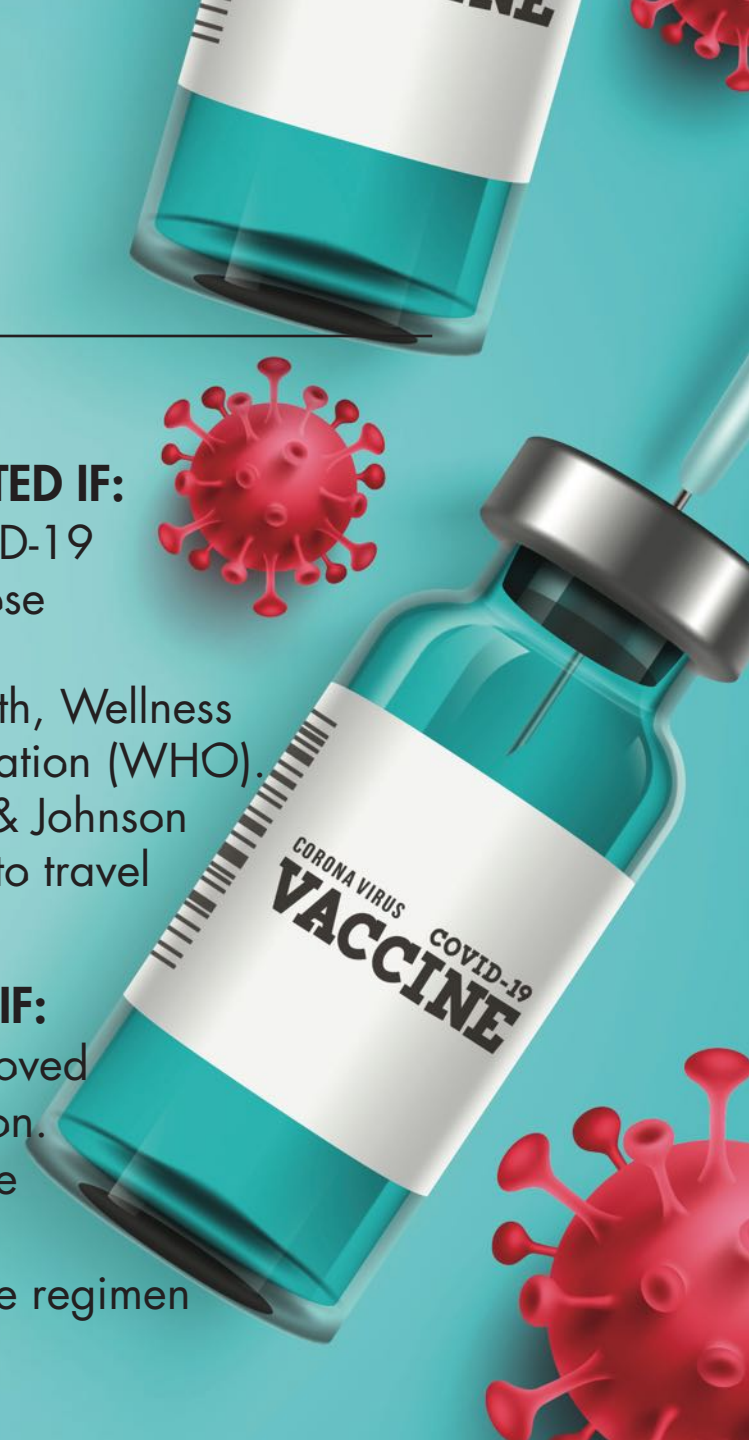

The following conditions apply:

a. INDIVIDUALS ARE CONSIDERED TO BE FULLY VACCINATED IF:

- i. They have completed both doses of the approved COVID-19 two dose vaccine regime or have received the single dose Johnson & Johnson COVID-19 vaccine.
- ii. The vaccine has been approved by the Ministry of Health, Wellness and New Health Investment and World Health Organization (WHO).
- iii. Second dose of vaccine (not applicable to the Johnson & Johnson vaccine) has been received more than two weeks prior to travel to Dominica.

b. INDIVIDUALS ARE CONSIDERED TO BE UNVACCINATED IF:

- i. They have received a vaccine which has not been approved by the Ministry of Health and World Health Organization.
- ii. They have only received one dose of a two-dose vaccine regimen.
- iv. They have only received one dose of a two-dose vaccine regimen or two weeks have not elapsed since their second dose.

CONDITIONS

APPROVED VACCINES

- i. Pfizer
- ii. AstraZeneca (India and South Korea)
- iii. Moderna
- iv. Janssen (Johnson & Johnson)
- v. Sinopharm

Further vaccines may be added by the Ministry of Health, as approved by the World Health Organization.

CONDITIONS

VALIDATION OF VACCINATION CERTIFICATES WILL INCLUDE THE FOLLOWING:

- i. Proof of documented evidence issued by a hospital, medical center, a national public health organization or pharmacy.
- ii. Vaccine certificates are to be presented in English.

Persons who fail to provide valid proof of vaccination shall be subjected to the protocols of unvaccinated persons.

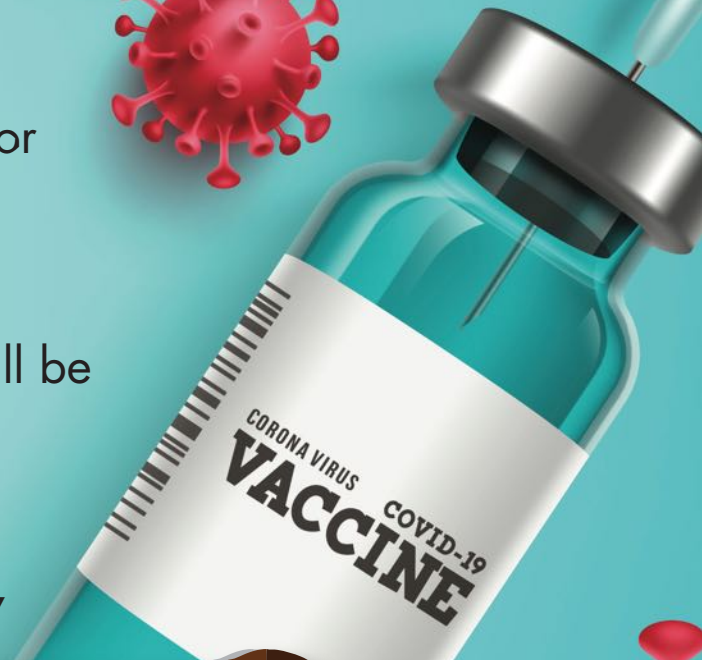

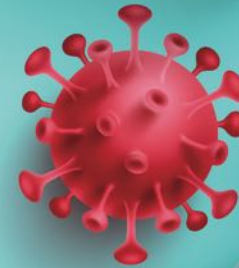

All certified tourism service providers and other professionals who interact with travellers are to be fully vaccinated and monitored by designated Tourism official.

A Rapid Antigen Test will be administered on arrival

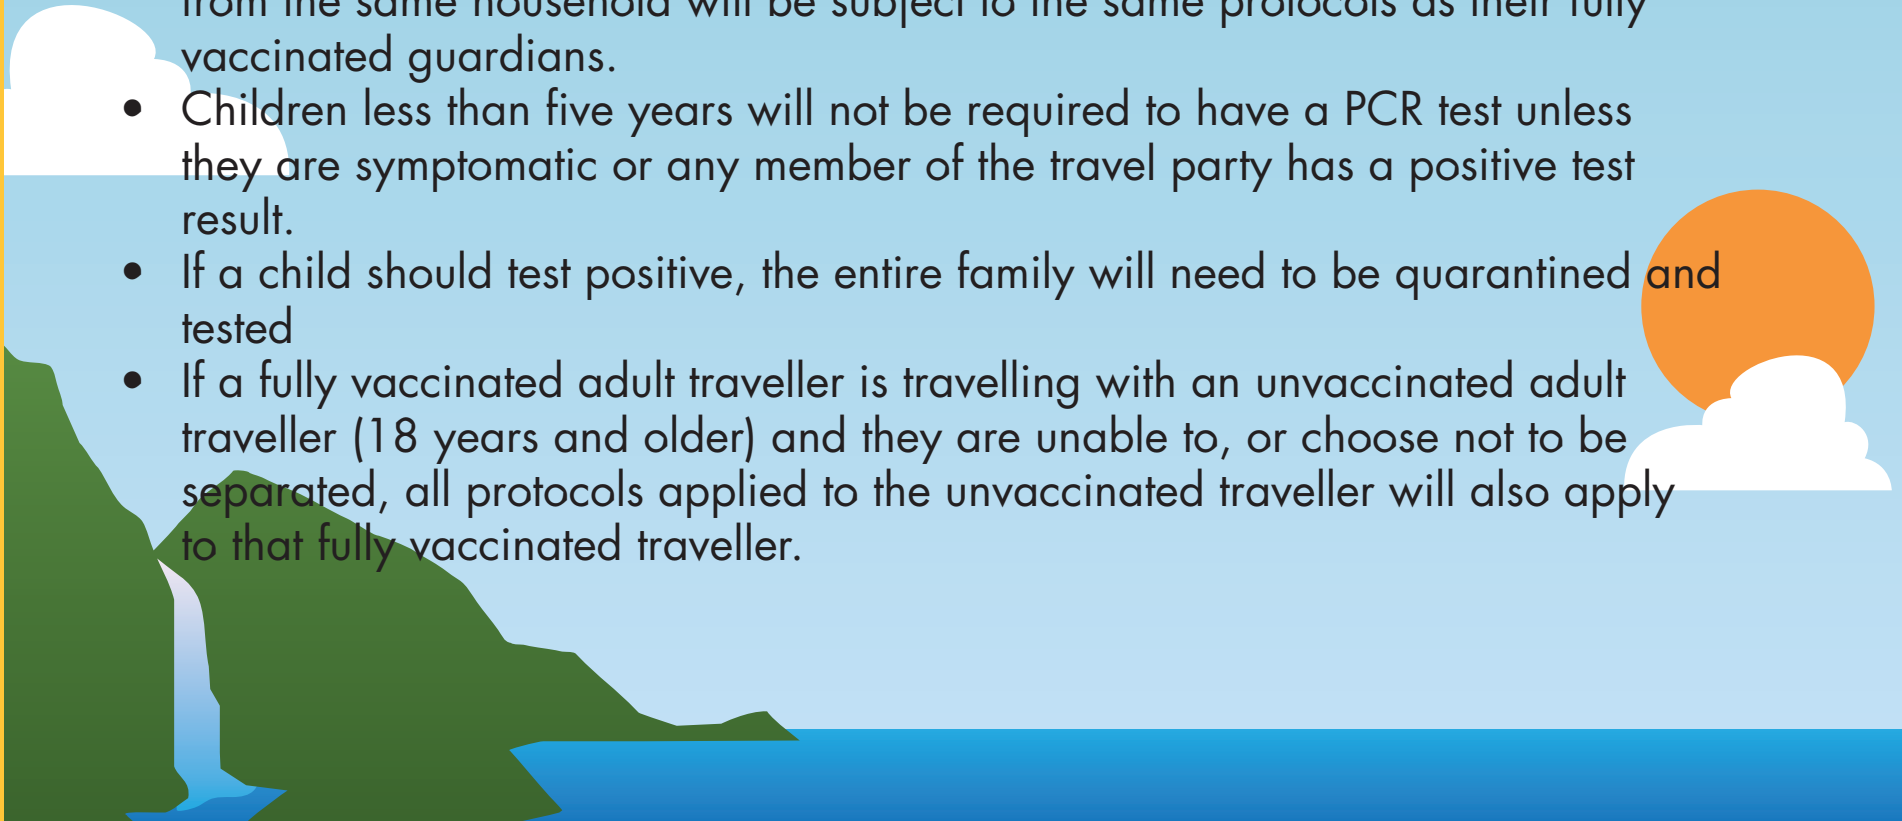

- i. If Antigen Test is positive, a PCR test will be administered immediately and traveller will await the results in room isolation at a Government operated facility or Safe in Nature-certified property.
- ii. If Antigen Test is negative, traveller will be transported to mandatory quarantine at a Government operated quarantine facility or managed experience at a Safe in Nature-certified property for a minimum of 2 days. A repeat test will be administered and if negative, traveller will be deemed medically cleared at the discretion of medical officials.

PROTOCOLS FOR CHILDREN, FAMILIES, GROUPS

The following additions to protocols as it relates to children, families and group travel are recommended for consideration:

- Some families may be travelling with children who are not vaccinated. Children under 18 years who are travelling with fully vaccinated guardians from the same household will be subject to the same protocols as their fully vaccinated guardians.
- Children less than five years will not be required to have a PCR test unless they are symptomatic or any member of the travel party has a positive test result.
- If a child should test positive, the entire family will need to be quarantined and tested
- If a fully vaccinated adult traveller is travelling with an unvaccinated adult traveller (18 years and older) and they are unable to, or choose not to be separated, all protocols applied to the unvaccinated traveller will also apply to that fully vaccinated traveller.

CLASSIFICATION OF COVID-RISK COUNTRY

The following risk classification is based on the WHO/PAHO, CARPHA, and CDC models and has been modified accordingly. Several parameters are required in this model, which include population size, number of daily new cases and accumulative daily trend.

RISK CLASSIFICATION	COUNTRY
LOW RISK	Grenada, Montserrat, Antigua & Barbuda, Barbados, The Cayman Islands, Norway, Iceland, New Zealand, Bermuda, Greenland, Singapore
MEDIUM RISK	Finland, Sweden, Nigeria, Switzerland
HIGH RISK	Curacao, Canada, Italy, Jamaica, Trinidad & Tobago, Guyana, Belize, Guadeloupe, Martinique, United States, Brazil, India, Russia, South Africa, Peru, Mexico, Haiti, Colombia, Chile, Spain, Iran, United Kingdom, France, Japan, Bolivia, Aruba, St. Vincent & Grenadines, Germany, Argentina, Dominican Republic, Ecuador, Panama, Surinam, St. Lucia, Sint Maarten, Saint Martin, Turks & Caicos Islands, Anguilla, St. Kitts & Nevis, BVI

- All countries not listed will be dealt with on a case-by-case basis upon directives from the Ministry of Health, Wellness and New Health Investment.
- Country risk categorization will be reviewed and published on a weekly basis.
