For a truly all-inclusive experience

Dominica's Fort Young Hotel & Dive Resort has created a unique package that not only encompasses all the joys of the resort, but of the island too

Fort Young Hotel & Dive Resort, a landmark, waterfront hotel on the edge of Dominica's capital, Roseau, has introduced the Caribbean's first-ever 'All-Inclusive, Island-Included' resort experience. Beyond the offerings of a traditional all-inclusive, such as food and beverages, the All-Inclusive, Island-Included experience will give guests access to activities and offerings beyond the hotel — from a lionfish catching expedition, to hiking and exploring some of the island's best attractions like Trafalgar Falls and Titou Gorge, to enjoying tropical beaches — providing an unrivalled, immersive and memorable nature island holiday.

Not only will guests enjoy city, land and sea adventures each and every day, but off-property island activities will also include a community touch point — whether it be a sweet treat or cocoa tea from a local restaurant or rum shop, a local arts and craft offering or a cultural experience. By involving independent tour providers and local food and beverage outlets, the new model will cater to guests while also supporting the community at large.

'Fort Young has always been a gateway to Dominica's incredible sights and landmarks, so it was a natural evolution for us to introduce this All-Inclusive, Island-Included offering,' said Dinesh Kissoon, Fort Young Hotel & Dive Resort's general manager. 'We wanted to offer travellers to Dominica a truly seamless, effortless and authentic way to experience the local culture, land and sea unlike ever before. Doing an all-inclusive with island included is a way of engaging our community and gives guests a more robust and immersive experience.'

The All-Inclusive, Island-Included package requires a minimum five-night stay and includes:

- Daily breakfast, two-course lunch, afternoon snacks and three-course dinner.
- Unlimited house beverages and alcoholic drinks from 10am – 10pm.
- Round-trip airport transfers.
- 60-minute massage and yoga twice per stay.
- Unlimited unguided shore scuba diving.

Among the numerous included excursions are:

- Hiking to Trafalgar Falls, Titou Gorge, the Middleham Falls and Hot Springs, Freshwater Lake and Boeri Lake.
- Lionfish hunting and snorkelling by boat.
- Guided Roseau walking tour.
- Mero Beach discovery.

Guests will also have the opportunity to donate to a local charity at check-out. Fort Young Hotel recently unveiled 26 fully refreshed Oceanfront Deluxe Rooms. Replete with Caribbean charm, exceptionally stylish furnishings and a bright colour palette, the reimagined guestrooms are designed to make guests feel even more warmly welcomed while expressing Dominica's vibrant spirit. *
